TYPICAL INSTALLATION
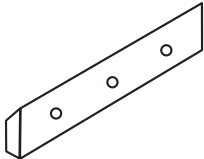

The typical dimensions shown will result in vanity cabinet height of 34" (864mm). Depending on the countertop selected, the total height will vary from 35-1/4" (895mm) to 36-1/2" (927mm). For above-counter vessels with typical heights between 4" and 6", it is suggested to lower the cabinet to 31" (785mm). If alternate heights are desired, adjust the rough-in and backing material heights using the dimensions provided.

Height

STEP 3

Place vanity on French Cleat

French Cleat is only to level the vanity.
It is not designed for permanent
support. Cabinet needs to be secured
to wood backing material.
